

MINUTES OF JANUARY 10th, 1921.

The Board of Public Works met at the office of the Board of Public Works in Baltimore, Union Trust Building, on Monday, January 10th, at 4:30 o'clock, P. M.

Present:

Albert C. Ritchie, Governor,
E. Brooke Lee, Comptroller,
John M. Dennis, Treasurer.

The minutes of the meeting of January 5th were read and approved.

The Secretary reported that correspondence with Mr. Ignatius Bjorlee, Superintendent of the Maryland State School for the Deaf, showed that bill for \$10.02 to F. G. Thomas and Son was incurred on account of changes in the boilers which made it necessary to cancel the old policy and issue a new one. The Secretary was directed to pay the bill from the Insurance Fund.

The Secretary reported that the bill for \$28.60 from Messrs. Parr and Parr was due to an error in the original bill sent by Parr and Parr for insurance premiums on State boilers, which bill was paid on October 13th, and approved by the Board on October 15th. The original bill sent by Messrs. Parr and Parr was \$202.67, whereas it should have been \$231.27. The Secretary was directed to pay the bill of \$28.60 so as to correct the error made by Parr and Parr in their original bill.

The Board approved plans for the purchase of additional filing cases for the offices in Annapolis, and directed the Secretary to make the purchases and report the details at a future meeting.

The Board considered a letter from the Secretary of the State Lunacy Commission asking for an appointment in order to enable the Board to study the plans for the proposed Hospital for the criminal insane. The Board directed the Secretary to advise the Lunacy Commission that it would be convenient to study the plans on Friday, January 21st, at 3 P. M.

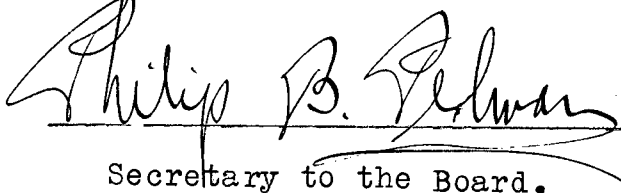

The Board considered a letter from G. H. Reavis, Assistant Superintendent of the Department of Education, requesting that insurance in the sum of \$18,000.00 be placed upon the new dormitory building at the Maryland Industrial and Training School at Bowie, and that \$5,000.00 be placed on the contents of said building. The Secretary was directed to request Hon. Henry M. Warfield, Chairman of the Insurance Survey Commission, to inspect the premises and to recommend to the Board whatever action the Committee deems best in the matter.
